ALL-COUNTY LETTER NO. 89-81

TO: ALL COUNTY WELFARE DIRECTORS
ALL DISTRICT ATTORNEYS
ALL TITLE IV AGENCIES

SUBJECT: RECORDS RETENTION

This All-County Letter is a reminder of the legal requirements for records retention and the identification of certain records which require extended retention periods.

A. Public Assistance Records

The Manual of Policies and Procedures (MPP) sets forth various retention periods for public assistance records. Generally, the regulations require that all public assistance (23-353), social service (10-119.2), and administrative claiming (25-815.38) records and their supporting documents be retained for three years from the date the state submits the last expenditure report to the Department of Health and Human Services (HHS). Case record material must be retained for three years after the date the last state expenditure report has been made to HHS for the period the records were last used to document eligibility. MPP Sections 23-353 through 23-356 set forth the requirements for certain records which have retention periods which vary from the general rule. While the regulations must be reviewed for a complete listing, the most common occurrences are listed below. Some records require retention periods of more than three years. These include:

1. Records and their supporting documents must be retained when there is an open federal or state audit. This includes those federal audits in progress and pending issuance of final reports listed on Attachment I, those unresolved federal audits listed on Attachment II, and the State Controller's Office audits listed on Attachment IV. Counties are to inform contractors providing social services to retain all necessary records for audits which have not been resolved/closed.

- 2. Records involved in pending criminal or civil litigation or court orders may require extended retention periods. In addition to cases in which the county is involved, Attachment V lists court cases involving DSS which require extended retention of certain records.
- 3. The Form ABCD 278L, List of Authorizations to Start, Change, or Stop Aid Payments (or its equivalent), which bears the original initials or the original signature of the delegated county employee who authorized the specific action is identified as one of the records and supporting documents which must be retained in accordance with the retention period for the case record material.
- 4. The county shall retain Form ABCD 278L or its equivalent for a period of 10 years following closure in all cases where notification to do so by the child support agency has been received.
- 5. County welfare warrants must be retained for five years. Warrant registers must be retained for 15 years.

Other records may be considered as nonessential and need not be retained in the case records. Listed below are examples of those documents which may be purged from the case records:

- Documents or evidence (photocopies) provided by the recipient such as birth certificates and divorce papers may be purged (MPP Section 48-001.112) provided that there is a written record of the type of evidence and its pertinent content. This notation would normally be made in the case narrative. Original documents received should have been returned to the applicant/recipient.
- 2. Documents which were never used to document eligibility may be destroyed provided they have no potential of being used to take action on a case. For example, a note from an applicant canceling a meeting may be needed as evidence, should you determine a denial is appropriate based on noncooperation. However, once the meeting has taken place the note would be of no value and may be destroyed.
- 3. Records which were used to document eligibility may be destroyed provided three years have passed since the last state expenditure report for that period has been submitted to the HHS. These records must be retained longer when there are unresolved audits or court cases.

Attachment III and attachment IV ("applied section") lists closed audit records which may be flagged for destruction.

We are currently reviewing all the child support audits to determine their status. If you have any questions on record retention regarding a child support audit that is not listed on the attachments, please contact your child support operations analyst at (916) 322-6384.

B. Food Stamp Records

There are two separate retention requirements for Food Stamp Program records. First, all issuance and program records are to be retained for a period of three years from the month of origin. Second, all fiscal and accountable documents are to be retained for three years from the date of fiscal or administrative closure. This means that records such as, but not limited to authorization documents, cashier's daily reports, Notices of Change, Form FNS-250s (Food Coupon Accountability Report), HIR cards, and tally sheets shall be retained for three years. However, any documents or records which are involved in any billing or claim shall be retained for three years from the date of fiscal or administrative closure. For example, FNS-250s which do not result in a billing against the state agency shall be retained three years from the month of origin. But, FNS-250s which result in a billing must be retained for three years from the date that obligations for or against the federal government have been liquidated. Also, any records or documents which are involved in a fiscal audit or investigation must be retained for three years from the date the audit or investigation is closed. To illustrate this point further, if an FNS-250 which originated prior to April 1986 had fiscal liabilities which were not settled until July 1988, that FNS-250 cannot be destroyed until August 1991. But, on the other hand, if the same FNS-250 had no fiscal involvement, it could be destroyed as of May 1989. Attachment III lists closed audit records which may be flagged for destruction.

Some records require retention periods of more than three years. These include:

- 1. Food Stamp records that are a part of an assistance case record must be retained in accordance with MPP Chapter 23-350. (See Part A of this letter.)
- 2. Records and their supporting documents for which there is an open federal or state audit must be retained. This includes those federal audits in progress and pending issuance of final reports and the unresolved audits listed on Attachments I, II, and IV.
- 3. Records involved in pending criminal or civil litigation or court orders may require extended retention periods. In addition to cases in which the county is involved, Attachment V lists court cases involving DSS which require extended retention of certain records.

The provisions of this letter are for the fiscal purposes of DSS and do not authorize the destruction of those records which have a longer retention period required by other laws/regulations, court cases, or unresolved audits.

The retention periods are the same for paper and microfilm records. For the conditions on the substitution of microfilm for paper records please refer to ACL 85-34.

Again we would appreciate any comments or questions regarding records retention by submitting them to John Driemeyer, Records Management, 744 P Street, M.S. 7-179, Sacramento, CA 95814, or by calling (916) 322-9377.

Unresolved Audits

The counties on the following lists have unresolved SCO audits. All records pertaining to these audit periods should be retained by the counties until final resolution has been made pertinent to all protested/appealed audit exceptions. The audits are listed below in alphabetic order by county. For those counties having more than one unresolved audit, there will be an entry for each audit.

Audits Completed*

County	Audit <u>Period</u>	Date of Audit Report	Amount of Report
